Rabbi,

I'm sorry that you are being dragged into this but I need you to know that Marcie abandoned her children and abused them, she left them by themselves in the home where I had the police look for them. The county employees are trying to conceal this to avoid liability.

Her daughter, Ella, has what looks like ligature marks on her wrist. Because of her lies my children were separated from me for 13 days under falsified statements by the county employees after I tried to save the smith kids.

The county came against me because I filed a complaint of their failure to aid Marcie's children. I got them medical care on 10/13/2023 where they were diagnosed with suspected child abuse.

I'm going to attach the federal lawsuit for you to see. Marcie is a defendant in a civil Federal lawsuit and she is also pending criminal charges. I know Marcie is a victim from her dad, but her children are victims from her and this is endangering them. I know you do not want to see them end up dead. When I received the children they were soiled in feces. Erin was dehydrated. Marcie was not caring for her children.

If you'd like to help her get a lawyer, that would probably be in her best interest. My family lost everything because of Marcie's lies and I have no choice but to fight for justice to protect my family. We had to flee our home for safety. Cumberland County dismissed Dauphin County's petition.

There is county wide corruption and I believe Hashem had a bigger plan. County employees are going to face a very angry jury when they see the evidence.

Hello,

I am in receipt of the original records. There are a number of errors which are noted. They note the start date of the referral in august, 2023 with an end date of October 18, 2023. On a separate page they correct the start date as 10/18/2023 and end date 10/18/2023. They note that my kids were not removed for the incident of the bed, but they actually don't note under which claim my children were removed.

They note that the agency was made aware of a tent like structure around 10/18/2023, but if you look at previous reports there were no concerns for the bed and we had the bed for a year and a half. Someone made an unfounded report over the summer for my child and another child kissing each other and that worker came out and said our home was safe. Furthermore, the agency came out for the Smith children on October 13, 2023 when I complained about the abuse of the smith kids and they made no referral, until a week later after I complained about them. It was clearly retaliatory and if you look at the report from sandy Gibson in 12/2023, she notes that I do give appropriate supervision. She was from the good agency. Dauphin county is corrupt, and I have multiple lawsuits against them. I just received an order dated may 24, 2024 from the president judge recusing his entire bench and directing that they assign an outside judge. His court administrators have not complied and I am filing a motion to compel. They have me going in circles, but it's nothing I can't handle. Ive always been proficient with these types of matters. RE: CHILD: ARIEL FEINBERG  
CWIS REFERRAL ID: 9944643

Dear HADASSAH FEINBERG:

The Child Protective Services Law (CPSL) and Department of Human Services regulations require the investigating children and youth agency to notify all subjects in a report of suspected child abuse about the existence of the report, the nature of the allegation, their right to receive a copy of the report, their legal rights, the possible impact of a confirmed report on future employment and the social services available to protect children.

A report of suspected child abuse concerning the above-named child has been made to our agency and the Pennsylvania Department of Human Services. Under the law, our agency must conduct an investigation to determine whether or not the child was abused. Also, we are required by law to report certain types of suspected abuse to the police.

According to the report, the type of suspected abuse was Engaging in Per Se Acts.

The agency is required to complete the investigation within 30 days (or up to 60 days under certain circumstances) after the report is received and determined if the report is "unfounded", "indicated", or "founded". An unfounded report is any report in which there is no evidence of child abuse as defined by law. An indicated report is a report in which the investigative agency determines that the child was abused. A founded report is a report in which a court determines that the child was abused.

As a subject of the report, you may receive a copy of the report by writing to this agency or to the ChildLine and Abuse Registry, P.O. Box 2675, Harrisburg, PA 17105-2675.

If the report is determined to be unfounded, the report will be expunged no longer than 120 calendar days after the expiration of one year from when the report was received by ChildLine. However, if the investigation reveals that the child and family need social services, to be provided or arranged for by the appropriate county children and youth agency, the records will be retained and indicate that the report of suspected child abuse was unfounded.

TYPE OF MALTREATMENT/NATURE OF MALTREATMENT?

██████ was a whistleblower against Dauphin County CYS (Children and Youth), now CYS is retaliating against the family. Yesterday ████████ updated Harrisburg Police to make a new report, while at police station ████████ got a call from CYS supervisor ████████. ████████ messaged ████████ at 11:42 asking if ████████ was home yet, ████████ did not see the message right away, ████████ was with Childline for hours. ████████ was trying to schedule a home visit.

██████ reported to ████████ that ████████ children had been removed from the mothers home by CYS and were returned to the mother. When ████████ took the children in on Tuesday, the mother did not want to take one of ████████ children due to that child banging his head on the floor and the mother did not want the child to hurt himself or others. CYS took legal custody from mother, but the children were released to ████████ children were with ████████ over the weekend without formal placement. ████████ requested the children go with ████████.

The CYS worker came out for ████████ home for other children that ████████ reported missing on October 12, the worker came to ████████ home due to ████████ complaining that CYS had not seen ████████ children that were missing for 5 days and had scars and bruises. ████████ children were found by police in horrible conditions, CYS did not take ████████ report seriously, ████████ went to commissioner and finally CYS did something.

REFERRAL INTAKE HISTORY

CWIS REFERRAL ID: 9545377

REFERRAL RECEIVED DATE & TIME: 10/20/2023 12:10:00 AM

REFERRAL TYPE: Complaint

Since then, that Friday night, CYS came to mothers' home to see [redacted] children. Since [redacted] complained that CYS sent [redacted] children back to mother, CYS has been retaliating against caller.

[redacted] is in fear for her family's life due to CYS. [redacted] tried to get a restraining order but could not get one against a government agency. [redacted] got a call that [redacted] was at [redacted] home [redacted] was at Harrisburg police filing paperwork.

[redacted] says CYS is hounding the family, [redacted] children struggle with stress, and the child is struggling so much. [redacted] child has aggression due to thinking he will be taken out of the home. All of the children are "freaking out". The children had to have [redacted] children in the home for 6 days, where the family was trying to help, and now CYS is trying to allege there is a problem with child's safety sleeper bed that was prescribed by pediatrician to keep child safe. The CH has had it for at least a year and a half. The bed keeps child safe at night, CH cannot get out, but can be easily opened. The Ch used to have an aide overnight, and insurance couldn't pay for that. CYS said they did not need documentation for the bed, the CH showed CYS how the bed works, CYS did not have a problem until [redacted] filed a complaint against [redacted], and other top people in Dauphin County. The complaint to OCFY was filed on Monday night with [redacted]. This complaint was about CYS failing to identify [redacted] children, the children were missing for 6 days, the mother dropped them off with fathers family, the mother had been kicked out of current location, [redacted] in homeless, the children were found unclothed at another address.

CYS is now saying the bed for [redacted] is not safe for the child. Today the children came home from school petrified and anxious due to CYS talking to children at school. [redacted] had to take child to ER due to child being aggressive, hyperactive and being scared that CYS will take the children. This is very unsettling especially for a special needs child. The CH feels unsettled. [redacted] says [redacted] is coming out to the home tomorrow, everything [redacted] communicates now has to be through text due to [redacted] not trusting CYS at all. [redacted] says Susquehanna Police are aware of the concerns and an office plan to be at the home, so the mother and children are not alone with the CYS worker.

[redacted] would like law enforcement present if CYS visits the children at school as the children do not feel safe around CYS staff.

\*\*\*Complaint to Central Region. \*\* [redacted]

TYPE OF MALTREATMENT/NATURE OF MALTREATMENT?

The following email was forwarded to [redacted] e from [redacted] account and was asked to be forwarded as a complaint to CRO:

Hello [redacted].

[redacted] would like to follow up with you and see if you can have your director or immediate supervisor reach [redacted] very concerned about what happened to [redacted] children during their placement with dauphin county cys. I am in the process of filing a civil rights lawsuit against their agency. I am not planning on suing the state as I believe the perpetrator stems from the county level alone. I am also working with the DA on prosecution.

On 11/16/2023, Cumberland county dismissed dauphin county's petition against [redacted] lack of grounds. [redacted] have never neglected [redacted] children's care. [redacted] children have always thrived, attended school and under medical supervision. It's an abuse of power that they removed [redacted] children as retaliation for [redacted] exposing them and advocating for [redacted] children.

For 7 days they issued a complete no contact between [redacted] children and [redacted]. They also took placement without jurisdiction [redacted] moved to Cumberland county in October and they removed [redacted] kids on November 3, 2023 by perjuring themselves through a petition to dauphin county court of common pleas. I am happy to provide any evidence necessary. They tampered with [redacted] Medical Records from UPMC and lied about it (see attachment).

They intentionally neglected [redacted] children's medical care by failing to give access to life saving medication, failing to take them to appointments that had been scheduled for months, and withheld [redacted] children from school for a number of days when [redacted] children never miss school in [redacted] care.

They intentionally failed to provide [redacted] with kinship opportunities and forced [redacted] girls to stay with strangers even though [redacted] have numerous friends and family that are mandated reporters.

They failed to provide [redacted] with a life saving eppipen and would not permit [redacted] to transfer it. I can show you the emails and texts [redacted] sent the detective who was present at the time of removal.

They failed to provide [redacted] children with brand new clothing [redacted] purchased and delivered expedited directly to their address [redacted] can show proof of delivery. They also have not returned many of [redacted] children's personal items (Cumberland cys is aware of this as well).

[redacted] received the letter from you indicating that [redacted] bed complaint was unfounded for abuse. [redacted] appreciate your sincerity in the investigation as [redacted] have not experienced that from dauphin county.

There's no use in calling childline, as [redacted] learned that goes nowhere.

Tonight [redacted] reported at Thanksgiving dinner that when he was removed from [redacted] care by cys he was locked in [redacted] office at Cys on 11/3/2023 after he threw a tantrum. [redacted] is autistic and adhd and requires extra supervision. He should never be left unsupervised especially during escalation. [redacted] also reported that they were all split up between rooms at cys on November 3, 2023. The girls were allegedly locked in a room but with a staff member present. [redacted] was locked in an office by himself and [redacted] reported trying to open the door but it wouldn't open [redacted] reported the presence of a window in [redacted] office in the back of the building and that he could see her walking around but that she wouldn't respond to his needs.

It's ironic they would do the very thing they were trying to pin on [redacted] would appreciate if you would interview [redacted] as this is horrific for [redacted] [redacted] am starting [redacted] in a therapy program as the trauma Cys has caused by their intentional actions is severe. In addition, [redacted] psychiatrist has needed to restart many of [redacted] s doses since cys failed to provide him with his routine medicines. [redacted] reported this to 911 on 11/3/2023 at night.

[redacted] antibiotics were suspended in Cys care and he developed a fever (see attachment).

[redacted] have numerous videos with [redacted] children reporting statements that were made to them by [redacted]. He told [redacted] he was going to take his mom away and that he was bad. [redacted] reported that [redacted] told her that 'mommy can't protect her.' [redacted] reported on video and [redacted] was also informed by [redacted] that the request for witnesses was refused by [redacted]. [redacted] reported feeling very uncomfortable alone with [redacted] and that he would not let them leave the secluded room at the school. Sounds like unlawful restraint of a minor and harassment.

[redacted] children are completely traumatized by what cys did to [redacted] family and fearful it can happen again. [redacted] would like our normal life back the way it was before [redacted] tried to help four abandoned and abused children.

are still under Cumberland county supervision without justification due to dauphin cys lies. No abuse was indicated and family should be able to return to normal without inhibition from a county agency. It's disrupted children's lives and caused unnecessary stress. Your investigation was unfounded and should have our civil rights back to be free from harassment.

were forced out of our dream home worked so hard to purchase, and a county lived in for 23 years where all family and friends are. had significant monetary loss (thousands of dollars), defamation (with neighbors, doctors, schools), and top concern children's lives were endangered by the same agency that is supposed to protect families.

am begging the state to please suspend the following staff member duties until a thorough investigation is completed by the criminal investigative division:

reports that on 11.3.23 that [redacted] was locked in a room at the Dauphin County agency by [redacted] for 15 minutes. [redacted] reports knowing that it was 15 minutes because there was a clock but [redacted] don't know if he knows the correct times or if he is guesstimating. [redacted] reports that the room was "in the back" of the agency headquarters. [redacted] reports "trying to open the door" which is how [redacted] knew that the door was locked. As a response when [redacted] was let out of the room [redacted] punched [redacted]. [redacted] reports that after a complaint was filed for other children that the county agency got a warrant to take [redacted] away from the mother. [redacted] reports that the children were taken for 13 days. [redacted] her reports fleeing the county and got the children back from Cumberland County. [redacted] reports that the children's medication was withheld. [redacted] reports documentation with a detective, [redacted], that reported planning to file crimes against the county. Detective [redacted] "set the mother up" by getting a warrant and then taking the children. Detective [redacted] had been given a list of medications to ensure that the children got the medication, but then 5 days later [redacted] found out from [redacted] in text that reported that [redacted] had a fever from not being on medication, [redacted] was supposed to be taken Augmentin. [redacted] had been diagnosed with an ear infection and had been given the medication Augmentin but then when the county took the children the county did not continue the medication. [redacted] also was not given medication, [redacted] is autistic. The children were split up and were not in kinship. [redacted] was given to [redacted] after [redacted] punched the Dauphin County worker after being locked in the room. [redacted] reported to [redacted] that the county was never given the medication but [redacted] reports that [redacted] has text messages between the mother and detective and sent emails to the county regarding the medications. Detective [redacted] asked the mother to send a list of medications for the children, and the mother provided that to Detective [redacted]. Detective [redacted] reported that it was the weekend and that there was not much that could be done, but that the email, list of medications, would be sent to the appropriate people. [redacted] was told that the medication from [redacted] could not be accepted. [redacted] asked when the children could get the necessary medication, the Detective reminded [redacted] that the departments were two separate entities (children and youth and law enforcement). [redacted] was told that the county would provide all of the medications that the children needed by the county. The children were taken on a Friday when everything closes down. [redacted] brought the belongings and medications to the state police, [redacted] did not attempt to go to Dauphin County to deliver the medications "because they were trying to ambush [redacted] was the case worker who came to the mother's home with the warrant for the children. [redacted] reports that on 11.7.23 the [redacted] again brought up the medications, and also ordered the medication online and had the medication deliver to the county office in care of [redacted] and she never gave the items to [redacted] children. They returned a bag of brand-new items that [redacted] had purchased AND there were items missing." [redacted] reports that [redacted] has already lied under oath for two other children not on this referral. [redacted] reports that [redacted] never talked to anyone at the county regarding the medications and that all communication was between [redacted] and Detective [redacted], and that Detective [redacted] reports sending the messages regarding the medications to the county. [redacted] doesn't feel like Detective [redacted] was responsible for getting the children the medications but feels that the county is lying about not knowing about the medications. [redacted] reports suing the county in federal court due to having a lot of evidence. The children were "well taken care of" before the county took the children from the mother. [redacted] reported that [redacted] wasn't even in the building on 11.3.23, but "that is a lie." [redacted] reports that [redacted] on 11.3.23 at 0800 stated- "Patient is an 8 yo male with autism for evaluation, the patient was at a county office earlier today and apparently while waiting in the office the patient started to throw things in the office, and was uncontrollable, the patient was brought to the hospital. The patient was calm and cooperative. The patient presented in "good shape." The note reports that [redacted] was the county worker involved." [redacted] reports that Dauphin County needs to be shut down and that the county lies and commits crimes because "they think they can get away with it." [redacted] reports that the children were being threatened by the county. [redacted] was told on 11.19.23 by [redacted] that [redacted] would be taken away. [redacted] reports that [redacted] was having panic attacks regarding fear of being taken away. [redacted] reports that in the warrant the mother was "pinned with crimes and abuse." [redacted] reports that [redacted] had been allegedly locked in a bed, but [redacted] was in a safety bed. [redacted] reports on 11.18.23 that the bed was seen by the county and there was no complaint filed regarding the bed until after [redacted] filed the complaint, "all of this came as a fabricated thing due to [redacted] filing the complaint." The complaint that [redacted] filed was because the county did not follow through with abuse concerns for foster children that were in the mother's care. [redacted] was told that the county was failing the children and that the children had bruising, and that kinship care funds were being withheld by the county. [redacted] reports that the mothers mental health was "questioned" and that was another reason why the children were taken, "they can come to any court, lie under oath, and then take children away. No one should have children taken away unless there is substantial physical evidence. They didn't have an issue with [redacted] until [redacted] filed the complaint if they were concerned, they would have removed the children from [redacted] care that [redacted] was fostering." Regarding [redacted] bangs head, and at the hospital [redacted] was banging head against the floor, the physician who was overseeing [redacted] was not ensuring safety, as [redacted] was banging head against the floor. "A child that bangs head over and over again is supposed to have a helmet, you don't just let them keep banging their head. They just kept letting him hurt himself and then released him in that condition [redacted] lip droops when [redacted] cries and that is some kind of neurological red flag. That same doctor confiscated the document from UPMC regarding [redacted] and [redacted] know this because [redacted] gave her the paper and she never gave it back to [redacted]. It is a helpless feeling trying to get help for [redacted] family, they have a lot of power." It was also reported by [redacted] that the last information that was provided was documented as a complaint and not as child abuse and that if it is going to be a child abuse investigation that the documentation needs to be sent that [redacted] with Dauphin County should be listed as an actual perpetrator. [redacted] trying to get the district attorney to bring charges of perjury, and the main concern for [redacted] is that [redacted] lied under oath regarding [redacted] children and the concerns for abuse, one of the children [redacted] had scars/burns/ligature marks that were parallel lines, [redacted] think that the county has too many connections. The county taking [redacted] children was an intentional punishment for me advocating for [redacted] children. Cumberland County did the right thing by returning [redacted] children, and because [redacted] was able to show them the evidence about Dauphin County filing falsely against [redacted].

Hello,

I was unlawfully stopped five minutes after dropping Ariel off at school when we came home by the same officer that hadn't helped me the night I needed protection from cops cover up. He knew my son Ben. Another Officer parchment arrived who knew me personally and he told him he could leave. If you look at the citation there's no address. They are trying to frame me and make me look crazy or criminal, but I haven't done anything wrong. I can guarantee he turned off his camera so that there will be no evidence, and it will be my word against his but my mom met me there and there was no stop sign. You can also call that officer as a witness because he can verify the location. Since that officer knew me to be a credible person he didn't want him to stay on the scene. There's more than one corrupt thing going on here. I just left my house again. I'm afraid for my life. Now that they are checking on the Smith children against cops they will no doubt be after me at any cost. My kids are in their schools and Ben is with me. I don't know where to go. I brought my laptop and charger with all the evidence so they don't cover it up. We need a safe space to stay until this is over.

Hello,

Thank you for meeting with me today. I'm still working on the complaint and will send it to you as soon as I can between tending to 4 children and 2 counties.

I wanted to send you this document from my llc. I'm focusing on advocating for justice and making the change in dauphin county so no more family's ever have to go through what we went through because of corruption. They lie through their teeth and try not to have people record so they can continue lying. But I do record and that didn't work for them.

I hope you can see by now that everything I tell you is 100% fact. I could see that the DA was speculating but he doesn't know me at all, so I understand. I understand the complexity of circumstantial evidence, but their crimes are documented and this case has vast physical evidence.

I'm very organized and save every communication. I have pictures of some of the smith children's injuries and numerous witnesses that saw it.

Dr. Crowell confiscated the paper from UPMC with intent to conceal and destroy. She never noted a disagreement of opinion with upmc and intentionally confiscated the discharge paper that noted abuse to aid and abett cys in perjuring the court that such document never existed. She is going to lose her medical license by the time I'm done with my legal pursuit.

Also, upmc was able to see more bruises because Dr Crowell only saw the children after 5 days in my care when numerous black and blue marks were healing. They were also clean because they finally got baths in my care which they never got before. Crowell never got to see the filth and dehydration the children arrived with and also never knew about the mother's criminal history of abuse because cys probably lied to her.

Crowells actions placed those children back with the perpetrator and also she didn't protect Eric or help him when he was banging his head at the hospital which I also

have documentation for. I emailed cys about the head-banging and she ignored it. I also have documentation where the mom confirmed that he head bangs all the time but she never had him evaluated for it. These children were at so much risk but instead of helping them, cys hurt my family for complaining against them. The mother threatened to kill her children on at least one occasion, but I didn't realize she had a criminal record and thought she was joking. You need to see the communication from the mom. It will paint a very different story. For three years she was lying through messages and making the father of her children look criminal when it was her all along. I had no idea.

Also, if you need witness statements regarding Officer Young you can contact my old coworker/best friend Amy Ostott, her number is 717-317-7377. We both worked in mental health and have a lot of certifications. We both have degrees. She is also a mandated reporter. She was witness multiple times when that officer was harassing and threatening me in person. She was present because we were in fear and asked her to come to us.

Young dismissed Officer Parchment because he didn't want him to interfere. I subpoenaed Officer Parchment for my appeal of the citation for a traffic violation I never committed. Officer Young was present and threatened me in one week at least 5 different times. No one else from Susquehanna township threatened to charge me with crimes I wasn't committing and I wasn't stopped anywhere else but by Officer Young.

To date, we haven't been stopped or threatened in Cumberland county because we don't violate stop signs and don't commit crimes. I have never been stopped in my life for a stop sign. The last time I had a speeding ticket was about 5-6 years ago. I think I've had a total of 3 tickets for moving violation in 25 years!

It was not a coincidence that he was at my home everyday! He was contacted by the principal the day I dropped Ari off and was stopped five minutes later (the principal was the only one there when I dropped Ari off and he knows me from teaching). There's no way Officer Young would have known where I was if he didn't inform him. He ambushed me.

All the officers work in the schools. I used to teach at Susquehanna middle school with STS regularly and was also friendly with the officers that would walk the hallways. That's how the principle comes in connection with officer young. Assistant principle Presley who I know personally from Susquehanna township school district Sara lindemuth Anna Carter told me directly that cys has been doing this for years. She was the one that told me about Adams county crimes.

When Amy otstott was supervising Ari on October 26, and he was having a crisis and running in the street, instead of officer young calling crisis, he was on the phone threatening me and I was on my way back from Philly. I wasn't even present or supervising Ari he was under my friends care who is more than competent to supervise. She is a mother and a mandated reporter. He was more concerned about threatening me than getting my son immediate help. Amy basically convinced him that he shouldn't be threatening me when she is the one supervising my son and I'm not present and he left the scene without apologizing for the empty threats. The next day he was out again at my home ambushing me when I arrived. It's one hundred and ten percent harassment, stalking, and abuse of power. I didn't do anything wrong and was not only caring for my children but also trying to protect my family when no one would help. It's very sad! I had my children in school every day and at all their doctors appointments.

Unfortunately, the wrong person was being harassed when it was cys staff lying to cover up what they did. It's extraordinary how much influence they have with hearsay when I had physical evidence to prove the contrary. I can also give you the number and name of the witness who was lied to by the mother of those children and she can also testify on what cys did to harm us because she was in and out of my house frequently. She saw the abused children. Her name is Faye Doctrow. Her number is 717-877-5281.

I had a whole Jewish community donating stuff to the smith children's needs when cys failed them. I did everything to advocate for them and got stabbed in the back by an agency that's supposed to save children at risk. Instead they put the children back with the perpetrator, and put safe children (my children) in harms way. It's crazy!

Mr. Young,

On November 14, 2023, I served a subpoena on Jeff Enders issued by the Court to produce documents regarding the safety and wellbeing of 4 children abandoned by their mother in poor condition at 63 North 18th street, Harrisburg, Pa. They were found by the Police under the care of intoxicated individuals charged with Felonies. A week later there was a shooting at the address.

I provided the children with medical care at UPMC Harrisburg Hospital, where they were diagnosed with suspected child abuse. Dauphin CYs employees are actively obstructing justice to avoid criminal liability, and it appears that you are too, which is a Federal Crime pursuant to 18 U.S.C 1512 (c).

Mr. Enders verbally agreed to comply with the subpoena. He did not file a motion to Quash the subpoena which is what people do if they choose not to comply. I have not yet filed a motion for contempt against Mr. Enders because I am pursuing appeals and the docket is in limbo.

On December 11, 2023, I followed up with Mr. Enders and he advised me that he sent all the documents I requested to Mr. Liphart. Your false statements in your alleged "review for appeal" are unsubstantiated especially since my appeal was mailed two days ago after my request was granted in part on January 5th. The subpoena from November falls under the laws of Discovery in Pennsylvania Civil Procedure and the RTKL is entirely separate.

Your efforts to obstruct justice in a child abuse case do not intimidate me, to say the least. I filed a State and Federal Suit against Dauphin county employees that committed crimes and obstructed justice and I will continue to pursue justice against anyone that tries to do the same. We have laws, and although you may not like it, you are obligated to follow them, just like everyone else.

I legally have until January 19, 2024 to file an appeal with your office. If you cannot follow the rules under the Pennsylvania Code, I am suggesting that you transfer the request to someone that is experienced in handling complex litigation.

Please note: Mr. Liphart provided an incorrect zip code in his directions for appealing. I obtained the correct information from Dr. Google! I'll send you the bill.

Perhaps Dauphin County employees think deceit prevents justice in political realms, but it's NOT going to fly with me. I've said it once and I'll say it again. I will NEVER stop fighting until justice is served. Every action taken to delay justice is a State and Federal Crime.

I filed a TIMELY appeal to the Office of Open Records in response to the original request under the RTKL on January 4, 2024. Since I mailed it on 1/9/2024, through certified mail, it will be delivered

within the allotted timeframe.

If you do not proceed with scheduling an appeal, all evidence and communications herein may be used against you.

I have the time and patience to litigate for the next 8 years going all the way up to the Commonwealth court, and Supreme Court if need be. Time is not of the essence. The truth will preserve itself.

If you have any questions, please feel free to respond to this email.

Thank you,

Hadassah Feinberg

Hello,

Thanks again for meeting with me. I can definitely use some workout tips from you. You're very handsome. I can come workout with you tomorrow at Crunch. Around what time do you go? My older kids have school and I pay a sitter for my toddler.

It was very painful for me when they took my children without grounds for 13 days but I was smarter than them. I changed jurisdiction 4 days before they took my kids and judge McNally helped me transfer the case. He did the adoption for my youngest, and he knows I'm a good mother. I knew that I would get them back, I'm a firm believer that truth prevails. It blows my mind that they were able to take my kids without grounds and give Marcie back her children when she has always neglected them and they are in absolute danger. I thought I knew her from the community but I really didn't know her personally. She used me to help her for 3 years. I donated money, clothing, and food all the time to help her kids. I guess I was naive. But I truly believe God does everything for a reason. This was meant to happen to expose cys. They are concealing a lot of crimes. Jarrod Tutko would still be alive today if those corrupt employees were fired or behind bars.

My family never deserved this. I dropped everything in my life to help those four children because I have a good heart and they took advantage. Im a single mother and I have sole custody. I have a bachelors degree and worked very hard to buy my home. It was all destroyed because I filed a complaint against cys.

Hello,

I haven't had the chance to complete the additional complaint forms you mailed me, as I have been preoccupied by other paperwork with deadlines, but you may want to review the amended complaint for your internal investigation.

The Amended Complaint details the crimes committed by your employees. Officer Young and Detective Tarasi are named Defendants in the pending federal suit for RICO crimes which will be filed subsequent to this amended complaint. Additional evidence will be forthcoming but you can also refer to the previously attached evidence in the original suit filed on December 29, 2023 docket 1:23 cv 02165 Pennsylvania Middle District Court.

Although you may have had knowledge about records during the incidents, I do not intend to include you, Officer parchment, or Corporal Ferrufino as Defendants in the RICO suit since you were not directly engaged in the actions of child endangerment of my children when medication was withheld on 11/3/2023, my family's safety was disregarded, and when your officers failed to report the county crimes to the department of justice.

Please reach out if you need any clarification.

Kindly,

Hadassah Feinberg

I am so so so sorry for what you went thru with Dauphin County CYS. I agree with you, they harass the families that have children they think they can place and ignore or turn a blind on on the families that have children that they can't traffic (essentially), ie poc and children with special needs. I've seen it and experienced it. You are not alone, keep up the good fight and expose this agency for what it is.

9:13 PM

Thank you for sharing your support! I fostered and adopted through them last year. They only retaliated a month ago because of the complaint I filed against them for the safety of 4 other children.

It might not be bad to just work with FUN. I know some people that work there. Maybe try it and if it's not good or you have issues, you could switch agencies???

I called in today and spoke with a nurse regarding an urgent emergency hosting of 4 children (siblings) I took in. I'm still waiting for a response. I was informed that cys was contacted instead. While I appreciate the verification, I think it's important that I am contactrd directly due to the unique circumstances. Cys failed these children for years. On 10/12/2023 I called 911 4 times to report missing. CYS failed to lay eyes on them for almsot 2 days. They only responded after I complained to Commissioner Hartwick 3 pm on 10/13/2023. Cys did not arrive at the location the children were soiled in feces, filth, without clothes. I provided children with emergency items from my car. I had them seen by Harrisburg ER due to severe bruises. Cys failed these children and a state investigation will occur. I worked as mandated reporter in a number of capacities, fostering, adopting, Therapy, and teaching. Please copy penn state child abuse doctor on this. Complete system failure.

Honorable John J. McNally

Dauphin County Court of Common Pleas

101 Market Street

Harrisburg, PA 17101

Dear Judge McNally,

I have been seeing Hadassah Feinberg (DOB: 03-28-1985) for individual therapy since January 2020. I have diagnosed her with Generalized Anxiety Disorder, Posttraumatic Stress Disorder, and Attention Deficit/Hyperactivity Disorder. Hadassah schedules weekly or twice weekly appointments with me. She attends her appointments regularly, works on her treatment goals, and focuses on following treatment recommendations.

I know Hadassah well and am intimately familiar with her behavior. Her children have consistently been her most important priority throughout the time I have been treating her. She has been assertive in advocating for their needs in numerous situations, including obtaining the bed for Ariel that was recommended by his treatment providers for his own safety. Her children's well-being is always Hadassah's paramount concern.

I have been in contact with Hadassah regularly during her recent conflict with Children and Youth Services and plan to continue to support her mental health needs in my role as her therapist. I am happy to answer any other questions you may have about Hadassah's mental health. I can be reached at (717) 238-6880. Thank you.

Sincerely,

Ann Reisinger, LCSW

Officer Lee Tarasi >

Do not treat my children like the rest of the pitiful foster children that are also victims of this incredibly corrupt system. Marissa Mclellan has been corrupting Dauphin county cys since 2011. Numerous children have died under her watch. She should be in prison.

I hear your frustrations.... I wish I could do more for you. My part is going to take some time..... I can't supersede a court order.  
I m so sorry

9-year-old Jarrod Tutko Jr. Died under her watch and she is endangering my children. Mark my words that every last person who played a hand in this will either be in prison or forever charged

It's okay, I'm going above you until you come back Monday.

I believe you and in you.

Again where would you like the meds and clothing dropped off?

We can't accept the meds.

Interesting. How quick will they get my kids the meds they need. These are life sustaining meds for my kids. I didn't know you couldn't take the meds from us. I will send email now since you are refusing to accept my children's meds and belongings.

Please keep in mind we are two separate entities although sometimes we work together often times we don't. I hope that makes sense.

I understand that but I keep asking you who I'm giving the meds and clothing to and you're not telling me

That will occur Monday at your hearing .... Once you provide the dosages via email I'll send that to CYS who will provide the children the correct meds

Yeah, I know they actually had me watching my four kids and the other four kids for five days and had no issues until I filed a complaint against them

But if you view the definition of dependent child it has to meet the criteria and ours didn't so they are creating false things

For goodness sakes I adopted last April

They make so much stuff up, there's no logic to what they do. The group I work with PMRG has been going to Lehigh county meetings advocating for change. They had a whole meeting about how CYS is "supposed" to work, completely disregarding us telling them how they treat the parents and kids during the process. Nothing they do makes sense. And they always have an excuse to justify their wrong doings

As a foster parent with a child placed from this agency, I can honestly say that they do not have the best interest of the children in mind. They lie about their intentions and they will belittle you as a foster parent. Once there is a tough conversation, they will avoid your calls and refuse to communicate with you.

I can also say, as a foster parent who has watched what they have done to the biological parents, this agency is not about reunification, its about doing whatever makes their job easiest.

I became a foster parent to help kids, I have now learned that these agencies do not care about you, the child, or the biological parents. The system is corrupt.

 16

For two weeks I tried to save 4 abandoned children (not mine). I filed numerous complaints about Dauphin county cys for failing to help those abused children. I was a mandated reporter for ten years!

The kids had bruises all over. When I filed a complaint to OCYF they turned against me to retaliate and cover up their crimes. They falsified written statements on November 3, 2023 to the Dauphin County Court of Common Pleas, Honorable John J. McNally, Judge and removed my own biological children!!!! All 4 of my babies were taken to an unknown location on November 3, 2023 by Dauphin County Officials.

My kids were taken without jurisdiction (we moved to Cumberland county in October 2023. Dauphin County is trying to coerce my children and destroy our life. Please call the news outlets we need publicity!!

They are clearing out child-line and 911 calls from medical doctors at the Harrisburg ER and myself. An emergency petition to Cumberland County Court of Common Pleas was filed by me on 10/3/2023!

Please share this a million times until my children are safe and those perpetrators are behind bars!! My kids are unlawfully being withheld by the primary perpetrator, Marissa Mclellan!!

We need the public's help! Social media do your thing! I am the primary witness but there are at least 29 witnesses that will be subpoenaed. They won't give my children life sustaining medication or their clothing!! My 4 children are in imminent risk!

Don't call 911 or child-line it's being cleared out by Dauphin County Agencies, Marissa Mclellan and the rest of her corrupt gang!! Please call news outlets. We need public pressure

As you requested, I am writing to confirm that over the course of the school year Ella and Eliana Feinberg have had consistent attendance, and proper notification for any absences or tardies. Patient is an 8-year-old male with past medical history of autism coming in today for psychiatric evaluation. Patient was had a CYS office earlier today as he was just taken from his mother earlier today. Apparently while he was waiting in the office, patient began throwing things around the office, breaking items, punching through the agent that was working this case, and essentially uncontrollable. Patient was subsequently sent here. On arrival, BP 115/72, heart rate 114, respiratory rate 18, SpO2 98% on room air, temperature 98.1°. On my examination, the patient is calm, cooperative, very pleasant. No acute distress, not toxic appearing, not ill appearing. Cardiac exam regular rate and rhythm, no murmurs rubs or gallops. Lungs clear to auscultation bilaterally. Physical examination otherwise unrevealing. Given that this patient is not acutely intoxicated, calm, cooperative, not at risk to himself or others, do not believe that the patient requires any further evaluation or management. Rather I suspect this patient can be discharged. I spoke with CYS representative, Scott Smith, who has set up a plan for the patient's discharge. Return precautions were discussed. Adequate opportunity for the patient in the case management to ask questions was provided, all of which were answered appropriately. Patient discharged home in stable condition.

Hello Hadassah, my name is Eric Wittlin I am the former brother of Marcie Smith Wittlin. I say that because I cut ties from her aprox 4 years ago in order to protect my mother who moved in with my wife and I at the time from Marcie's lies, scams, and outright thievery. I am very sorry that you fell for 1 of her scams, I really wish she would get the mental help she needs to live her life so she can be a parent and a grownup. She is a 40 year old child who never takes ownership of her own mistakes present or past she always needs to find someone to blame in this instance is you. Obviously any sane rational adult can see that you were trying to help her and her kids, please do not feel like you did anything wrong. I do not know the whole story I'm blocked from her Facebook page. If I can be of any help even speaking to police if an open investigation is still being worked please let me know anytime.

ERIC WITTLIN

Hello Hadassah, my name is Eric Wittlin I am the former brother of Marcie Smith Wittlin. I say that because I cut ties from her aprox 4 years ago in order to protect my mother who moved in with my wife and I at the time from Marcie's lies, scams, and outright thievery. I am very sorry that you fell for 1 of her scams, I really wish she would get the mental help she needs to live her life so she can be a parent and a grownup. She is a 40 year old child who never takes ownership of her own mistakes present or past she always needs to find someone to blame in this instance is you. Obviously any sane rational adult can see that you were trying to help her and her kids, please do not feel like you did anything

DEPENDENCY PETITION

**ALLEGATIONS OF DEPENDENCY**

(Continuation of the facts supporting the allegations)

1. The subject minor female child ELAINA FEINBERG, having been born on October 2015, is currently seven (7) years old.
2. The biological mother of the subject minor child is Hadassah Feinberg, DOB: March 1985, who currently resides at 3807 Bormyview Drive, Harrisburg, Pennsylvania.
3. The biological father of the subject minor child is unknown.
4. ELAINA FEINBERG currently resides at 3807 Bormyview Drive, Harrisburg, Pennsylvania in the primary physical care of her mother.
5. It is alleged that ELAINA FEINBERG is dependent pursuant to 42 Pa.C.S. § 6302(1).
6. The Agency has a history with the family in 2014, involving concerns for inappropriate discipline and mental health concerns. The family has never been opened for ongoing services with the Agency before.
7. On October 12, 2023, Ms. Feinberg contacted the Agency by email regarding four unrelated children. Ms. Feinberg stated the children were in Children and Youth custody and she was presenting herself as a potential kinship resource.
8. The Agency determined the children that Ms. Feinberg was attempting to be a resource for, were not adjudicated dependent and were not in the custody of the Agency. That evening, Ms. Feinberg worked with the biological mother to have those children placed in Ms. Feinberg's custody by the biological mother. Ms. Feinberg notified the Agency that she would need support and assistance from the Agency.
9. On October 13, 2023, an Agency caseworker completed a home visit at the home of Ms. Feinberg to assure safety of the unrelated four children and to assure the home was appropriate. During the visit, it was observed that Ms. Feinberg was able to care for the children but appeared to be overwhelmed as she had four of her own children.
10. On October 13, 2023, the Agency caseworker noted that the home was appropriate but observed a tent-like structure over Ariel's bed, which Ms. Feinberg informed the Agency caseworker was a suggestion of a former Therapeutic Service Support (TSS) as the child is

diagnosed with Autism and the bed is designed to keep the child safe.

11. On October 13, 2023, Ms. Feinberg took the unrelated children to Harrisburg Hospital as she had concerns that the children had been physically abused. The children were cleared by the hospital and hospital staff informed the Agency no concerns of abuse were noted.

12. On October 13, 2023, Ms. Feinberg stated to the Agency that she would need supplies to assist with the four unrelated children for the week end. The Agency provided Ms. Feinberg with an electronic gift card for Wal-Mart as Ms. Feinberg has a delivery service set up with that store and voiced it was the most convenient for her to assist her with the expenses on the additional children.

13. On or about October 13, 2023, Ms. Feinberg contacted Susquehanna Township police claiming that the unrelated children were physically abused.

14. On October 17, 2023, Ms. Feinberg also took the unrelated children to Hershey Medical Center continuing to claim the children had been physically abused. The Child Protective Team at Hershey Medical Center reached out to the Agency concerning Ms. Feinberg, as no physical abuse was noted. *they confiscated upmc discharge form 54*

15. The Child Protective Team at Hershey Medical Center wrote the Agency a letter stating that the children had no injuries consistent with abuse. Medical staff also noted to the Agency that while at the hospital, Ms. Feinberg appeared agitated that the doctors were not stating that the children were abused.

16. On October 17, 2023, the Agency finalized a plan with the biological mother so the four unrelated children could return to her physical custody. The Agency contacted Ms. Feinberg to coordinate a meeting time at her home to transport the children. Ms. Feinberg was still in Hershey Medical Center and expressed frustration to the Agency Assistant Administrator and stated she planned to leave the children at the hospital as she had to pick up her own children from school. *I emailed them for 2 hours to come to the hospital because Eric Smith was hurting himself*

17. On October 18, 2023, the Agency received a General Protective Services referral regarding concerns in the home of Ms. Feinberg and her child Ariel sleeping and being locked in the tent structure on his bed. *They wrote their own unsubstantiated referral and fail to note that I filed a*

18. On October 18, 2023, the Agency caseworker completed visits with the children, Ella and Eliana, at their respective schools. The Agency learned that Ariel is unable to get out of the tent-like structure on his own once it is zipped up and must yell for someone to let him out if needed. *He already knew this on 10/13/23*

19. On October 18, 2023, the Agency attempted to complete a home visit but no one was

20. On October 19, 2023, the Agency visited Ariel at school and he confirmed that he is locked in the tent on his own, and reported that he is locked in it when he is "bad".

*A complete fabrication concerning to this video*

21. On October 19, 2023, the initial referral related to the tent structure was included in a Child Protective Services (CPS) referral and sent to the regional office of the Office of Children, Youth and Families (OCYF) to investigate and inform Ms. Feinberg adopting a child through the Agency in 2022.

22. On October 20, 2023, the Agency caseworker contacted Ms. Feinberg who was uncooperative and reported that she did not feel comfortable meeting with the Agency caseworker without the police present as she was fearful of the Agency.

*because they were fabrication/retaliating*

23. On October 20, 2023, an officer with Susquehanna Township police arrived at the home and assisted in the agency speaking with Ms. Feinberg. The Agency Caseworker was able to advise Ms. Feinberg about Ariel's bed and that there was a CPS investigation, and she should not be using the tent at this time.

24. The Agency caseworker explained why he was present and advised that the state was taking over the investigation in regard to the tent and asked Ms. Feinberg to not lock Ariel in the bed. Ms. Feinberg again began to dispute the situation with caseworker. Ms. Feinberg began saying that this wasn't personal and that we are all loved by God.

*this was never said his never been locked, its a zipper for safety*

25. On or about October 20, 2023, Ms. Feinberg left the state with her children and stayed in a hotel in Maryland as she was reportedly fearful of the Agency and the police.

*because Susquehanna refused to investigate county*

26. On October 23, 2023, Ms. Feinberg went to Virginia to meet with FBI Agents to file complaints against both CYS and the police. On October 24, 2023, Ms. Feinberg went to Philadelphia to meet with FBI Agents to again file complaints against the Agency and the police. Both Agents contacted the Agency expressing concerns for Ms. Feinberg's mental health and paranoid tendencies.

*I went to Philly on 10/26/23 not 10/24/23 and no one investigated the evidence safely.*

27. On October 27, 2023, the Susquehanna Township Police Department was dispatched to the home of Ms. Feinberg due to her posting on Facebook stating that she feared for her life. Upon arriving at the home, the police officer knocked on the door with no answer, but observed two small hands under a window pulling the blinds down. The officer again knocked on the door, but there was no answer.

*I was in fear because of corruption and law enforcement refused to protect. Also I notified*

28. A school van arrived at the home to drop off two of Ms. Feinberg's children. The bus driver would not allow the children to leave the van as there was no adult to receive them. At this time, the officer was able to observe the child, Ariel, when he opened the blinds of the

*Correct, he used the key to enter since Susannah*

29. Approximately fifteen minutes after the officer arrived at the home, Ms. Feinberg was observed walking down the street, holding her youngest child, Ben. Ms. Feinberg could be heard talking on her cellular phone, one with whom she has a relationship with her maternal grandmother, as Ms. Feinberg was heard stating, "Mommy, they...". Ms. Feinberg stated that at the time, not allowing her son to enter the vehicle, she wanted a witness until her mother arrived, as she stated she was fearful of the police.

32. On October 31, 2023, the Agency was contacted by the OCYF central regional representative who was conducting the CPS investigation. She expressed concern for Ms. Feinberg's mental health. She reported that Ms. Feinberg had left her home and was staying at a hotel in Cumberland County, as she reported she was afraid of the Agency and the police. Ms. Feinberg appeared paranoid and very fragmented. Ms. Feinberg continued to state that she was fearful of the Agency and that she knew someone was going to put a bomb under her car.

33. The Agency contacted Crisis intervention to reach out to Ms. Feinberg and offer services including an evaluation of Ms. Feinberg due to the concerns of her mental health. Ms. Feinberg refused the assessment by Crisis intervention and reported that she had a previous evaluation in February with no concerns. She also reported that she had a therapist and did not need any assistance.

36. On November 2, 2023, a Susquehanna Township Police detective attempted to locate Ms. Feinberg, but was unsuccessful as Ms. Feinberg refused to disclose her current location.

Hello,

I have not heard anything from the state police. I've been taking your word for it that it's been referred. I do want to remain cordial with you, but I am being very clear that I will not stop this process until charges are placed against Scott smith for stalking my family. It has been almost a year and Scott smith, Marisa McClellan, Lisa wheeler and a few other are still corrupting the process of legal remedy.

On 8/26/2024 an order was granted to remove Marcie's kids and cys interfered with the order. Criminal charges must be brought against them for the crimes they committed against my family. We were Susquehanna residents. Your agency has a duty to bring charges on our behalf. I understand that this is uncomfortable for you, but you are a sworn law enforcement officer employed to uphold the law. No one is above the law. I am requesting that you bring charges against Scott smith for stalking me and my children in our home between the dates of 10/18/2023 through 11/3/2023. I don't understand why I need to beg a law enforcement official to do what is lawfully correct.

I am trying to be cordial with you, but you are not doing your job. If I cannot get justice through your agency, I will file a lawsuit in Florida against your entire department. This is insane. My family wants justice. I am giving you one week from today to follow up with the state police and get this ball rolling. There is a statute of limitations, and we are not going to miss it. You can call me at 352-514-5335.

To the Honorable Judge of said Court:

The petitioner respectfully represents that the above named child is a DEPENDENT child as defined in  
the Juvenile Act at 42 Pa.C.S. § 6302. It is within the jurisdiction of the Court and in the best interests of said

Motion for Finding of Aggravated Circumstances Attached

The petitioner alleges that the child is a victim of child abuse as defined at 26 Pa.C.S. 5601(a) (Specify when the abuse occurred, nature and extent of the abuse, name and relationship of the perpetrator, and any evidence of prior abuse by those persons.)

The petitioner avers that it would be contrary to the welfare, safety and best interests of the child to remain in the home of the parent, guardian, or caregiver.

The petitioner avers that reasonable efforts were made to prevent the placement of the child. If not, specify the efforts that were made to prevent the placement of the child.

The Agency made multiple attempts to visit Ms. Feinberg at her home but the attempts were unsuccessful.

The Agency attempted an assessment by Crisis Intervention but Ms. Feinberg declined to participate in an assessment.

Additional pages attached.

The petitioner avers that preventive services were not offered due to the necessity for emergency placement. The level of services was reasonable under the circumstances. This level of effort was reasonable due to the emergency nature of the situation, safety considerations, and circumstances of the family.

The petitioner avers that there are no less restrictive alternatives available, because:

The Agency has ongoing concerns for Ms. Feinberg's mental health and her ability to ensure for the health, safety and welfare of the minor child.

The petitioner avers that the following family finding efforts were made:

The Agency is aware of the maternal grandmother as a potential resource, but the Agency has been unable to discuss resources with Ms. Feinberg.

The petitioner avers that the following family members were contacted:

Hadassah Feinberg, mother

The anticipated placement of the Child is: kinship foster care

The Agency has determined it would pose a risk to the safety of the Child or guardian to release the current whereabouts of the Child.

Wherefore, your petitioner prays this Honorable Court to fix a hearing to inquire into the matters alleged concerning the above named child and to make such order as deemed appropriate. If said child is found to be a dependent child and the Court determines that aggravated circumstances exist, your petitioner prays your honorable Court to determine whether reasonable efforts to preserve and reunify the family shall be made or continue to be made and schedule any permanency hearing that may be required.

Further, if the child is found to be dependent and is to enter placement or commitment, or otherwise be removed

14

**DEPENDENCY PETITION**

From the child's home at disposition, the petitioner seeks the Court to enter such order of disposition as determines that to allow the child to remain in the home would be contrary to the welfare of the child, to determine whether reasonable efforts were made to prevent such removal of the child from the child's home, or if preventive services were not offered due to the emergency nature of the situation, what reasonable efforts were made of the home, whether this level of effort was reasonable

If the Court determines, pursuant to 42 Pa C.S. § 6339, that reasonable efforts were not made to prevent the removal of the child from the child's home, your petitioner prays your Honorable Court to determine, after to a hearing, whether the petitioner made reasonable efforts to prevent the child's removal from the home, or if preventive services were not offered due to the emergency nature of the situation, what reasonable efforts were made of the home, whether this level of effort was reasonable

The Petitioner verifies and acknowledges that the facts set forth in the petition are true and correct to the petitioner's personal knowledge, information or belief, and that any false statements are subject to penalties of the Crimes Code, 18 Pa C.S. § 4904 relating to unsworn falsification to authorities.

DEPENDENCY PETITION

In the Interest of:  
Elana Feinberg, a Minor

ALLEGATIONS OF DEPENDENCY

1. The subject minor female child, ELAINA FEINBERG, having been born on October 13, 2016, is currently seven (7) years old.
2. The biological mother of the subject minor child is Hadassah Feinberg, DOB: March 29, 1985, who currently resides at 3807 Bonnyview Drive, Harrisburg, Pennsylvania.
3. The biological father of the subject minor child is unknown.
4. ELAINA FEINBERG currently resides at 3807 Bonnyview Drive, Harrisburg, Pennsylvania in the primary physical care of her mother.
5. It is alleged that ELAINA FEINBERG is dependent pursuant to 42 Pa.C.S. § 6302(1).
6. The Agency has a history with the family in 2014 involving concerns for inappropriate discipline and mental health concerns. The family has never been opened for ongoing services with the Agency before.
7. On October 12, 2023, Ms. Feinberg contacted the Agency by email regarding four unrelated children. Ms. Feinberg stated the children were in Children and Youth custody and she was presenting herself as a potential kinship resource.
8. The Agency determined the children that Ms. Feinberg was attempting to be a resource for, were not adjudicated dependent and were not in the custody of the Agency. That evening, Ms. Feinberg worked with the biological mother to have those children placed in Ms. Feinberg's custody by the biological mother. Ms. Feinberg notified the Agency that she would need support and assistance from the Agency.
9. On October 13, 2023, an Agency caseworker completed a home visit at the home of Ms. Feinberg to assure safety of the unrelated four children and to assure the home was appropriate. During the visit, it was observed that Ms. Feinberg was able to care for the children but appeared to be overwhelmed as she had four of her own children.
10. On October 13, 2023, the Agency caseworker noted that the home was appropriate but observed a tent-like structure over Ariel's bed, which Ms. Feinberg informed the Agency caseworker was a succession of a former Therapeutic Service Support (TSS) as the child is

diagnosed with Autism and the bed is designed to keep the child safe.

11. On October 13, 2023, Ms. Feinberg took the unrelated children to Harrisburg Hospital as she had concerns that the children had been physically abused. The children were cleared by the hospital and hospital staff informed the Agency no concerns of abuse were noted.

*I contacted Commissioner [unclear] about this*

12. On October 13, 2023, Ms. Feinberg stated to the Agency that she would need supplies to assist with the four unrelated children for the weekend. The Agency provided Ms. Feinberg with an electronic gift card for Wal-Mart as Ms. Feinberg has a delivery service set up with that store and voiced those the most convenient for her to assist her with the children or the additional children.

*where to go for things.*

13. On or about October 13, 2023, Ms. Feinberg contacted Susquehanna Township police claiming that the unrelated children were physically abused.

14. On October 17, 2023, Ms. Feinberg also took the unrelated children to Hershey Medical Center continuing to claim the children had been physically abused. The Child Protective Team at Hershey Medical Center reached out to the Agency concerning Ms. Feinberg, as no physical abuse was noted.

*they confiscated [unclear] discharge com 54*

15. The Child Protective Team at Hershey Medical Center wrote the Agency a letter stating that the children had no injuries consistent with abuse. Medical staff also noted to the Agency that while at the hospital, Ms. Feinberg appeared agitated that the doctors were not stating that the children were abused.

16. On October 17, 2023, the Agency finalized a plan with the biological mother so the four unrelated children could return to her physical custody. The Agency contacted Ms. Feinberg to coordinate a meeting time at her home to transport the children. Ms. Feinberg was still in Hershey Medical Center and expressed frustration to the Agency Assistant Administrator and stated she planned to leave the children at the hospital as she had to pick up her own children from school.

*I emailed them for 2 hours to come to the hospital because Eric Smith was hurting himself*

17. On October 18, 2023, the Agency received a General Protective Services referral regarding concerns in the home of Ms. Feinberg and her child Ariel sleeping and being locked in the tent structure on his bed.

*They wrote their own unsubstantiated referral and fail to note that I filed a*

18. On October 18, 2023, the Agency caseworker completed visits with the children, Ella and Eliana, at their respective schools. The Agency learned that Ariel is unable to get out of the tent-like structure on his own once it is zipped up and must yell for someone to let him out if needed. He already knew this on 10/13/23.

*I filed a complaint to OPEP on 10/17/23*

19. On October 18, 2023, the Agency attempted to complete a home visit but no one was

home.

20. On October 19, 2023, the Agency visited Ariel at school and he confirmed that he is unable to get out of the tent on his own, and reported that he is locked in it when he is "bed".

*Complete fabrication concerning to AHS*

21. On October 19, 2023, the initial referral related to the tent structure was revalued to a Child Protective Services (CPS) referral and sent to the regional office of the Office of Child Protective Services to be investigated, due to Ms. Feinberg dropping a child through the Agency in 2022.

*VIDEO*

22. On October 20, 2023, the Agency caseworker contacted Ms. Feinberg who was uncooperative and reported that she did not feel comfortable meeting with the Agency caseworker without the police present as she was fearful of the Agency.

*because they were fabrication/retaliating*

23. On October 20, 2023, an officer with Susquehanna Township police arrived at the home and assisted in the agency speaking with Ms. Feinberg. The Agency caseworker was able to advise Ms. Feinberg about Ariel's bed and that there was a CPS investigation, and she should not be using the tent at this time.

24. The Agency caseworker explained why he was present and advised that the state was taking over the investigation in regard to the tent and asked Ms. Feinberg to not lock Ariel in the bed. Ms. Feinberg again began to dispute the situation with caseworker. Ms. Feinberg began saying that this wasn't personal and that we are all loved by God.

*this was never said hes never been locked, its a zipper for safety*

25. On or about October 20, 2023, Ms. Feinberg left the state with her children and stayed in a hotel in Maryland as she was reportedly fearful of the Agency and the police.

*because Susquehanna refused to investigate county*

26. On October 23, 2023, Ms. Feinberg went to Virginia to meet with FBI Agents to file complaints against both CYS and the police. On October 24, 2023, Ms. Feinberg went to Philadelphia to meet with FBI Agents to again file complaints against the Agency and the police. Both Agents contacted the Agency expressing concerns for Ms. Feinberg's mental health and paranoid tendencies.

*I went to Philly on 10/26/23 not 10/24/2023 and no one investigated the evidence sadly.*

27. On October 27, 2023, the Susquehanna Township Police Department was dispatched to the home of Ms. Feinberg due to her posting on Facebook stating that she feared for her life. Upon arriving at the home, the police officer knocked on the door with no answer, but observed two small hands underneath a window pulling the blinds down. The officer again knocked on the door, but there was no answer.

*I was in fear because of corruption and law enforcement refused to protect. Also I notified*

28. A school van arrived at the home to drop off two of Ms. Feinberg's children. The bus driver would not allow the children to leave the van as there was no adult to receive them. At this time, the officer was able to observe the child, Ariel, when he opened the blinds of the

window. It appeared he was in the room alone.

Correct, he used the key to enter since Susquehanna

29. Approximately fifteen minutes after the officer arrived at the home, Ms. Feinberg was observed walking down the street holding her youngest child, Ben. Ms. Feinberg could be heard talking on her cellular telephone with who appeared to be her maternal grandmother. Ms. Feinberg was heard stating, "Mommy they are going to kill me." Ms. Feinberg stated that she was not able to get away from the house and wanted a witness until her mother arrived, as she stated she was fearful of the police.

van driver had no choice because officer was forcing her

31. Due to Ms. Feinberg's behavior, a second GPS referral was made based on her account of not moving from the front of a vehicle.

Beside curb, parked vehicle

32. On October 31, 2023, the Agency was contacted by the OCVF central regional representative who was conducting the GPS investigation. She expressed concern for Ms. Feinberg's mental health. She reported that Ms. Feinberg had left her home and was staying at a hotel in Cumberland County, as she reported she was afraid of the Agency and the police. Ms. Feinberg appeared paranoid and very fragmented. Ms. Feinberg continued to state that she was fearful of the Agency and that she knew someone was going to put a bomb under her car.

33. The Agency contacted Crisis Intervention to reach out to Ms. Feinberg and offer services including an evaluation of Ms. Feinberg due to the concerns of her mental health. Ms. Feinberg refused the assessment by Crisis Intervention and reported that she had a PTSD medical evaluation in February with no concerns. She also reported that she had a therapist and did not need any assistance.

This is false we were in Cumberland County a complaint with kidnapping.

This is accurate

34. The Agency has made numerous attempts to contact Ms. Feinberg but the attempts have been unsuccessful.

38. On November 2, 2023, the Agency learned that Ms. Feinberg had withdrawn Ariel from his current school and enrolled him in the Carlisle School District with a start date of November 7, 2023. Yes because we had to move for safety

39. There is an ongoing criminal investigation regarding Ms. Feinberg due to her actions and behaviors over the past few weeks. All fabricated due to retaliation

40. On November 2, 2023, it was verbally ORDERED AND DIRECTED that a duly authorized officer of the Board of Dauphin County or any law enforcement officer shall take ELAINE FEINBERG into custody wherever she may be found within the jurisdiction of this Court and place her in the custody of Dauphin County Social Services for Children and Youth until the Juvenile Court hearing. because they lied to Dauphin court

41. On November 2, 2023, this Court had determined that to allow the said minor, ELAINE FEINBERG, to remain in the home would be contrary to her welfare, health and safety and best interests and issued a verbal Order to Dauphin County Social Services for Children and Youth to pick up the minor child and place her in the temporary care and custody of the Agency. All based on fabrication and distorted facts

42. In an effort to avoid placement, the Agency has attempted multiple visits to Ms. Feinberg's home and the Agency attempted an assessment by Crisis Intervention, but Ms. Feinberg refused to participate in an assessment. It said coming and crisis - race and he was aware of corruption

43. At this time, it is not safe for ELAINE FEINBERG to remain in the care of her mother because of concerns for Ms. Feinberg's mental health and concerns for Ms. Feinberg's ability to ensure for the health, safety and welfare of the minor child. No one else is concerned besides perpetrator concerned

44. It is denied that ELAINE FEINBERG has any Native American heritage which meets the definition under the Indian Child Welfare Act.

WHEREFORE, it is contrary to ELAINE FEINBERG's welfare, health or safety and best interests to remain in her parents' care. At this time, placement is necessary and cannot be prevented. All fabricated on lies to cover their crimes they should all be charged with child endangerment.

Since in their care, they stopped providing made to my children and failed to send to school.

First, our jurisdiction and authority is limited to attempting to enforce the Rules of Professional Conduct, a set of minimum ethical standards with which all attorneys must abide. In Re: Application for Intervenor/Mandamus

~~Osbourne, M. et al. v. Greenberg, J. et al, Aplts No. 55 EAP 2024~~

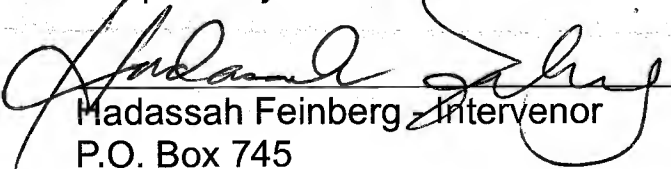

To the Honorable United States Supreme Court:

I recently filed an Application for Intervenor with the Pennsylvania Supreme Court, as my court case has a interest in the ongoing court case being reviewed at their court, see Feinberg v, Cintron 1:24cv01377. However, my filings were wrongfully rejected due to bad faith public corruption within the Pennsylvania Supreme Clerk of Court office.

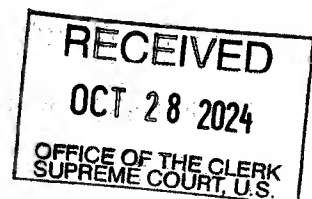

I am writing this letter to your Court because my filings relate to a case of great Public Interest in which a 13-year cold case murder is being concealed by judicial staff and political officials. I would like to file an Action in Mandamus with the United States Supreme Court but would like to take advisement from the Court prior to doing so.

Dated: October 14, 2024

Respectfully submitted,

I, Hadassah Feinberg, hereby acknowledge receipt of the request for information you mailed and dated on March 19, 2024. I apologize for the delayed response. I have been preoccupied with filing emergency legal petitions in the state and federal courts and ensuring protection for my family.

I have filed a number of complaints to your office and have only received confirmation for the three individuals listed in your letter. I am going to include additional attorneys for your investigation that have been participants to the misconduct. Please ensure that a file is opened in a timely manner for additional individuals listed below:

Francis Chardo, Esq.  
Colin Zwally, Esq.  
Emily Hoffman, Esq.  
Joshua Young, Esq.  
Vincent Paese, Esq.  
Jonathan Stepanian, Esq.  
Stephen Libhart  
Kimberly Kardelis

I have filed a few related lawsuits against the above-named parties. In the Pennsylvania Middle District Court there were two cases which were consolidated by Hon. Susan E. Schwab on May 2, 2024. The case has since been reassigned to Hon. Jennifer P. Wilson.

The first case was filed on 12/29/2023, against Marisa McClellan and 7 other defendants for engaging in multiple crimes including an obstruction of justice, child

endangerment, and civil rights violations, see Hadassah Feinberg v. Marcie Smith, et al. 1:23cv02165.

The second lawsuit was filed on April 25, 2024, against DA Francis Chardo, ADA Colin Zwally, Joshua Young, Vincent Paese, and additional Defendants for assisting Marisa McClellan in concealing and withholding evidence that supports the corruption listed in the first lawsuit, see Hadassah Feinberg v Francis Chardo, et al. 1:24cv00706.

There's a lawsuit at the Cumberland County Court of Common Pleas which was filed on November 3, 2023, after my family fled from Dauphin County to Cumberland County for protection. Cumberland County dismissed Dauphin County's fraudulent petition filed against me as retaliation by Marisa McClellan, Lisa Wheeler, and Scott Smith (employees of Dauphin County CYS).

I am an experienced foster and adoptive mother from Dauphin County. I have lived in Dauphin County for more than twenty years and owned two homes, been a teacher in the schools, and therapist with a counseling agency. I filed a complaint to the state against Marisa McClellan and her employees on October 13, 2023, and October 17, 2023, because they failed to assist four unrelated neglected children who were released to me by the Harrisburg City Police Department. Marisa McClellan in her professional capacity tampered with medical evidence regarding the Smith children to cover up the failures of her agency. I have over 1000 pages of physical evidence which I can provide to you. They placed the children back with the mother who has a very long history of domestic violence for serious bodily injury, testified to law enforcement that she was using crack cocaine, and admitted through messenger that the children had been left at a location without her for more than 12 hours unclothed and soiled in feces. I can show you all the documentation.

Marisa McClellan is using her position to lie, commit fraud, retaliate, intimidate witnesses, and endanger numerous children (including my own) to avoid liability for her actions. I obtained the hospital discharge paper stating that the Smith children were diagnosed with suspected child abuse and that the doctor treating filed a police report and made a ChildLine call.

Vincent Paese, along with law enforcement are attempting to withhold records of the 911 calls and childline reports made by me regarding the Smith children and my own children. They have denied more than 10 requests and ignored official subpoenas. Regardless, the evidence I have in my possession is substantial enough to support a preponderance of the evidence.

Marisa McClellan is manipulating local law enforcement both at Susquehanna Township Police Department and at Harrisburg City Police Department, who are now under investigation by the Department of Justice and Government Accountability Office. I can provide the documents upon request, but they are voluminous in capacity.

There are an additional two lawsuits at the Commonwealth Court relating to the efforts of Da Chardo, ADA Zwally, Joshua Young, and their colleagues attempting to manipulate court personnel at the Dauphin County Court of Common Pleas from properly filing the Review of the Private Criminal Complaint I gave them on February 1, 2024. It was mailed to the Dauphin County Court of Common Pleas on April 5, 2024 through certified mail and never docketed by the Clerk of Court. Due to their attempts to obstruct the review of their colleagues' criminal actions, I went above them and filed a Complaint with the Commonwealth Court that is now pending.

Donald Lee Carmelite is the Attorney for the Dauphin County Children and Youth employees listed in my federal lawsuit. He had initially attempted via email to engage in derogatory statements to deter and influence my decision to pursue legal remedy. He sent me an email attempting to compel me to send him all documentation regarding the CYS employees prior to entering his appearance on record. I informed him that he had to enter his appearance first and he disagreed, contrary to rules under the Federal Law of Civil Procedure. He intentionally misguided me, but the misstatements were corrected when I consulted with anonymous counsel who's name I cannot provide out of their fear for retaliation.

Jonathan Stepanian, Esq. intimidated the state investigator, Mindy Kell, assigned from Bureau of Enforcement and Investigation to interrogate one of the Defendants, a Penn State employee. Mindy Kell ended up resigning from the case and was removed from the department. I have documentation from her as well. I filed a complaint against BEI with the Department of State Compliance.

Numerous witnesses are being intimidated by Marisa McClellan, Lisa Wheeler, and DHS employees in efforts to cover up the crimes that endangered children and families.

During my legal pursuit I have also obtained additional evidence against other state actors that covered up the death of Jarrod Tutko, Iris Mummert, Ellen Greenberg, and the false incarceration of Daniel Harris. I have provided most of the evidence to the Department of Justice as I continue to receive more information from victims that reach out to me through my public Facebook page, "Speak Up." I am in direct communication with multiple victims and have more than 30 credible witnesses that can corroborate the facts of my allegations.

I am requesting an honest, thorough, and impartial investigation by your counsel for the sake of the public's interest across the Commonwealth.

Best,

  
Hadassah Feinberg

**DRAFT****Introduction**

Hadassah is a loving, devoted, hard-working single mother of three young children whose passion has always been to advocate for those in need—especially children. She has experience with children with special needs through her work and caring for her son who is challenged with high-functioning autism.

Hadassah is open to fostering one child or a sibling group of two children of any race and either gender between the ages of four and seven. A male child is the best fit for the sleeping options in the home and the family dynamics, but she is open to making a different scenario work if needed. It will be important that any children placed with the Feinberg family do well with other children and animals. Because of the children already in the home, Hadassah is only able to accept children with mild to moderate issues and cannot display any issues that could negatively affect her children or put them in danger. Hadassah is supportive of the reunification process and open to working with birth family. She is willing to consider emergency placements if needed. Although Hadassah is a foster care resource only at this time, she would consider being an adoptive resource if a child was a good fit with her family and there was no other permanent resource available. Hadassah is looking forward to this opportunity to help a child or sibling group of two in need of a loving, nurturing environment while their family tries to heal and reunify.

**Strengths**

Hadassah describes herself as loving, committed, independent, flexible, and very family oriented. She views her greatest strengths as her problem-solving and strong advocacy skills. She works hard to accomplish all tasks and goals established for herself and her children. A good friend views her as "responsible, driven, and very patient." The friend goes on to write how devoted she is to her children and that they are "very happy and intelligent kids." She feels Hadassah has established "the right atmosphere for children" in her home and is "always teaching her children new things." A previous coworker agreed and wrote, "She is a hardworking mother who ensures her children are being well taken care of" and that she "would provide any child with amazing opportunities." A previous Therapeutic Support Staff coworker of Hadassah's reports "she is an incredibly kind and responsible person who cared deeply about her clients and made sure their needs were met because she truly cares about children." Hadassah is aware of the need for flexibility and adaptability when caring for children with special needs and demonstrates this ability daily when caring for her three children—especially her son with autism. She appears to be excellent in time-management and multi-tasking to allow her the time to devote to her children in the evenings and weekends.

Hadassah's strengths for being a foster parent is her experience as a mother of three young children that includes a son with Autism as well as her professional

**DRAFT**

experience working as a Therapeutic Support Staff (TSS) and a substitute teacher for students in kindergarten through twelfth grade. Her friends and coworkers wrote of the "amazing job" she has done working with her son with autism to help him reach his greatest potential and in advocating for his rights to receive services. As a TSS, Hadassah worked one on one with children with various issues such as Autism, Attention Deficit Disorder and Oppositional Defiance Disorder. She taught and modeled healthy social-emotional skills to children with mental and behavioral issues. She taught the child and their caregivers interventions and skills to help them cope with situations. A coworker who is a special education teacher met Hadassah when she was working as a TSS with one of the more challenging students in the school. The teacher describes how patient Hadassah was with him and wrote, "When others would have been raising their voices and most likely quitting the job, Hadassah remained calm and was nothing but caring." When he was in crisis, she was good at calmly de-escalating him through reasoning and enforcing anger management skills. Hadassah reportedly was assigned the more difficult students due to her effective skill level. As a substitute teacher of all ages Hadassah has worked with children from various types of families and varied challenging situations. She recently covered a learning support class full-time for six weeks while the teacher was on medical leave. Upon her return to the class, that teacher was impressed with her work with the students and the "valuable insight" and attention to detail she provided her about each student's progress and what they were working on. Hadassah formed a positive bond with each of the students and returns to check on them when called to work in that school.

Hadassah has experienced several personal challenges in her life that will help her understand the trauma and loss that children placed into foster care may have experienced. She has gone through the divorce of her parents and the loss of a relationship with her father. She has experienced the loss of her husband and father of her oldest daughter to divorce and abandonment followed by the abandonment of the father of her youngest two children as well. She works hard being both a mother and father figure for her children and helping them deal with not having a father present in their life. She recently began helping her oldest daughter navigate her relationship with her father in California who has come back into her life looking to have weekly facetime contact. Hadassah is open to them establishing a relationship but is diligent in making sure it is healthy contact. Hadassah has dealt with financial challenges being a single mother of three and has overcome this by working hard with two jobs and being determined to meet all her children's needs. Although a very independent woman, Hadassah shares her concerns, seeks the support of family, friends, and professionals around her if needed and "pushes through" during difficult times. She credits "staying organized and patient" with helping her to cope.

**DRAFT**

Hadassah is culturally sensitive and is open to parenting children of any race or ethnicity. She believes "it is important for a child to build their identity." She has friends and coworkers of all races in which she can ask questions on how to promote a child's cultural identity and lives outside a city that has a multitude of opportunities for exposure to various ethnicities and ways of life.

Hadassah acknowledges understanding that foster care placements are used as concurrent planning with the primary goal of reunification and is open to be a supportive part of the process. She is aware that there are no guarantees or predictions for the future mental, social, or physical health and development of any child placed in her care. Through discussions and trainings, she has been provided examples of potential problematic situations and acknowledges an understanding and a willingness to accept these risks. She feels strongly that she can deal with challenges that may arise and indicates she will not hesitate to seek help through available resources and services whenever needed.

### **History**

Hadassah was born March 28, 1985 in Queens, New York. She is the oldest of three siblings having a younger brother and sister neither of which is married or have any children. Her sister works in Human Relations for a corporation and her brother recently got out of the Marines. Although she and her siblings are supportive of one another, she said they are each at different stages in life that they don't have a lot in common. Hadassah's parents divorced when she was a teen and she has not had contact with her father since. Her mother lives a few blocks away still living in the family home. Hadassah has frequent contact with her mother and siblings and considers them a positive support system.

Hadassah values education, learning, and working hard. In 2003, she graduated high school from Yeshiva of Greater Washington in Silver Spring, Maryland where she was the choir lead and played basketball. Always wanting to be an advocate for others, she wanted to attend Law School but the expense and starting her family prohibited it. She received her bachelor's degree in Criminal Justice from Central Penn College in 2017 and her Substitute Teaching Certification for special education grades kindergarten through twelfth grade is renewed yearly through the Capital Intermediate Unit. Hadassah currently is employed full-time as a Substitute Teacher but can be flexible with her schedule. She previously worked as a Therapeutic Support Staff for TW Ponessa, Harrisburg, PA from 2017-2019 and as a teacher/group supervisor for KinderCare from 2015-2017. To further enhance her ability to provide for her family, Hadassah obtained her Real Estate License in 2019 and works part-time for Keller Williams Realty.

In 2014, Hadassah was married to her oldest daughter's father that ended in divorce eight months later in February 2015. Having lived together only three of

those months, he abandoned them when Hadassah was six months pregnant and moved to California. He only recently became involved with the child through twice a week phone calls. She was not married to the father of her second two children and he is not involved with them. He initially had supervised visits, but his substance abuse became a detrimental issue. Hadassah has dated in the past but prefers to remain single at this time. Since her previous failed relationships, she says she "always weighs the pros and cons to any relationship" and does not have her children meet any dates she may have. She says she prefers to devote all her free time to being with her children and any foster children placed with her. Family time is very important to her and she works to instill this value in her children.

Her faith is important to Hadassah. Having been raised in the Jewish religion, Hadassah now considers herself "open-minded" when asked about her current religious affiliation. She is involved with and attends the non-denominational Hershey Free Church, Hummelstown, PA when her schedule allows.

According to a medical reference dated December 26, 2019 by Dr. Don DeArmitt, 2310 Patton Road, Harrisburg, PA 17112, Hadassah is in good health with no physical or mental conditions that would affect a child in her care. She is determined to not need a psychiatric or psychological evaluation and is free from communicable and infectious diseases. Hadassah stands 5 feet 5 inches tall, weighs 190 pounds, and has light brown hair and hazel eyes. She reports she tries to lead an active and healthy lifestyle and denies smoking, using illegal drugs, or having an addiction to alcohol.

### Children in the Home

Hadassah describes her children as each having their own unique personalities and wrote, "We've got a little bit of everything in our home. What makes our home so special is that we are very tight knit. We are a family unit and we all do everything together."

Ella, born 12/11/2013, is six years old and in kindergarten. She is outgoing, smart, loves to learn and picks up new ideas quickly. She is typically affectionate and sensitive to others' feelings. Like lots of first-borns, Ella is extremely independent and often takes up leadership roles. This can sometimes lead to conflict if trying to be too bossy. Ella makes her own bed and likes to help with folding laundry. She is kind, loving and protective towards her siblings and is quick to notify Hadassah when a sibling is doing something concerning. Ella is creative and loves art, puzzles, games, and watching something on the tablet. She does not like going to the doctor or dentist and fears dogs. She is learning to tolerate their puppy from a distance.

**DRAFT**

Ariel, born 10/6/2015, is four years old and attends preschool where he receives ongoing services for high-functioning Autism Spectrum Disorder (ASD) through the Capital Area Intermediate Unit. In addition, he has a few medical issues which include vision, allergies, and an undiagnosed delay. Ariel requires extra supervision due to his ASD diagnosis but is showing great improvement in all areas. He is motivated by a reward system and verbal praise. Ariel is typically affectionate and sweet and is often sensitive to other's emotions which is not typical of those with ASD. He receives ongoing therapy to help develop his social skills and has a best friend in his class that he sees outside of school. Ariel has a laid-back personality but can become hyperactive when overstimulated. He sometimes becomes the victim of an aggressive child because he has delayed responses or freezes. Ariel sometimes has the typical temper tantrums of a child his age but can be redirected easily and often just needs a break to calm down. He loves to clean and organize and always lends a helping hand when Hadassah is cleaning up. Ariel loves to spend time with the family's dog more than his siblings and it reportedly has been therapeutic for him.

Eliana, born 10/19/2016, is three years old and attends preschool. She is usually happy and laid back but will stand her ground if she must. She enjoys playing "mommy" with her baby dolls and purses and would wear her Frozen dress everyday if allowed. She is often the most mature of the three children and Hadassah jokes that she "can be like an old lady" sometimes. She minds her own business and stays out of any conflicts between her siblings. Eliana is smart and her teachers say she is the most well-behaved in the classroom. She is very patient and can sit and watch a movie or get her nails done for long periods of time. Eliana is goofy, likes to make people laugh, and usually has a silly response to things. When it comes to cleaning up, she usually lets her siblings take care of that for her. Separation is not an easy task for her, but she eventually calms herself down.

### **Home and Community**

The Feinberg family lives in a charming 1,080-square-foot one-story home with three bedrooms, one bathroom, living room, and kitchen with dining area. Hadassah has her own bedroom, Ariel has a bedroom with a set of bunk beds, and Eila and Eliana share a room with a set of bunk beds. There is an available bunk bed for a male child and the ability to put a trundle bed in the girls' room.

The home is inviting, tidy, and very family-friendly with lots of things for the children to do alone and as a family. The home appears to be well maintained and meets the standard home safety requirements. The family has one dog—a 4-month-old Havachon (Havanese/Bichone Frise mix) named Fluffy. This breed is hypoallergenic, remains small averaging around twelve pounds, and is reportedly friendly and easy-going. Hadassah was observed providing proper training and boundaries with Fluffy and uses a crate for down time. She

supervises all interactions between him and her children since he is a puppy and new to the family.

The Feinberg home sits on .12 acres in a busy suburban neighborhood on the outskirts of the city of Harrisburg, PA. The backyard is fully fenced in providing a safe play area for the children that includes plenty of green grass, lots of riding toys and a swing set/climbing structure. There is a driveway for off-street parking and sidewalks for riding bikes. There are several families with children of all ages and races in the neighborhood. Hadassah reports her neighborhood is safe and with the homes being close together the neighbors watch out for one another. For extra comfort, Hadassah has placed security cameras outside her home.

Hadassah's neighborhood is located in suburban Susquehanna Township on the edge of the city of Harrisburg with its diverse population and numerous recreational, cultural, and educational opportunities. There are numerous medical, dental, mental health, and social services within just a few blocks. The home is located within the Susquehanna Township School District—a mid-sized suburban school district whose core value is "Our Diversity is our Strength" and educates over 2,800 students that come from diverse cultural and economic backgrounds. The district has two elementary schools, one middle school, and one high school and offers a wide selection of athletic, academic, and social activities to its students. Hadassah does most of her substitute teaching within Susquehanna School District so knows the system and most of the staff well. She will be able to be a significant advocate and resource for a child in the district.

### **Parenting and Discipline**

Hadassah is a very involved parent who spends all her free time with her children learning, playing, and exploring. She takes them along when errands and routine duties are needed. A typical weekday schedule for the family is early breakfast and off to school/daycare at 7:30 a.m., arriving back home around 4:30 p.m. when homework, dinner, baths, and bed happen in that order. Weekends are spent doing extracurricular activities. Hadassah says they are prepared for the changes to this routine that a foster child may bring.

The Feinberg home is usually a flurry of positive interactions and activity. Hadassah has established consistent rules and expectations and has found that all three of her children are motivated by a reward system and verbal praise. When conflict arises, she encourages communication and strives to find the underlying cause of behaviors and believes that patience and understanding are crucial. She helps her children process situations and problem solve. If necessary, time out is used. She provides special one on one time when she feels any of the children need it. Hadassah is aware of age-appropriate

expectations and discipline measures that include modeling of good behavior. She fully understands that all children are different and respond differently to certain parenting and discipline styles. She is aware that foster children might require a unique approach and is open to exploring whatever parenting and discipline techniques would work best for a child placed in her care if needed. Hadassah understands that physical discipline is neither effective nor appropriate and agrees not to use it with children placed in their home.

### **Child Care Plan**

Hadassah's youngest two children attend the Jewish Community Center's Family Learning Center full-time and her oldest daughter is transported there by bus after school each day. If the center does not have an opening at the time a child is placed with her, she has investigated Loving Hands Family Daycare that is a block from her home. Because she is a substitute teacher, she is able to develop her own work schedule and can be flexible with days that children are sick or have appointments.

Hadassah rarely uses childcare when she isn't working as she prefers to spend her time with her children. However, if she needs childcare for any reason, her mother or one of her close friends have always been there to help. She is aware that respite services are available through this agency if needed.

### **Supportive and Financial Resources**

Hadassah has a solid informal support system comprised of family, close friends, and coworkers. Each has expressed their support of her desire to be a resource parent for children in the foster care system. In addition to her personal support system, Hadassah lives in an area close to numerous formal supports to meet a wide variety of needs when caring for children from the foster care system. She recognizes the importance of proactively caring for children's needs and has sought guidance and services whenever necessary for her own children.

Hadassah estimates her net monthly household income to be approximately \$2,640 and estimates her monthly expenses as \$1,882. She qualifies for assistance with daycare expenses through the Child Care Network. She anticipates additional income in the coming year with successful real estate transactions. Hadassah's income was verified through financial and Social Security Statements and she denies ever having filed for bankruptcy.

### **Clearances, Documentation, & References**

Copies of Hadassah's birth certificate, medical references, verification of income and insurance, an autobiography, and all documents related to Act 160 requirements are maintained in her CSAS file. Clearances on file for her indicate "No Record Exists" and are dated as follows:

- Pennsylvania State Police Criminal Record Check—January 25, 2019.

- DRAFT**
- DHS Pennsylvania Child Abuse History Clearance—dated January 25, 2019
  - DHS FBI Fingerprint Based Record Check—dated February 4, 2020
- Hadassah denies having a history of substance abuse, sexual or child abuse, or domestic violence. She reports she has never been rejected as a prospective foster/adoptive parent or been the focus of a negative home study.

Four positive references were received on behalf of Hadassah regarding her parenting and desire to provide foster care for children. They all wrote about her vast capacity to love, her compassion for others, and what an amazing mother she is. They feel she has "the right atmosphere," consistency, and patience in which children can thrive. In addition, she provides valuable experiences from which children can learn and grow. There were no concerns regarding Hadassah or her ability to parent another child or two.

### **Training and Preparation**

Hadassah participated in forty-three hours of the following CSAS's Resource Family Training: Resource Family Orientation, Resource Family Group Training: Preparing for the Resource Family Journey, Parent-Child Attachment, Positive Parenting I, Caring for Children Who Have Been Sexually Abused, Working with Birthparents I: Visitation, "Recognizing and Reporting Child Abuse"; Mandated and Permissive Reporting in PA, Reasonable and Prudent Parent Standards, Individual Family Training and Foster Care Manual Review. They also read the following relevant books: "Three Little Words" by Ashley Rhodes-Courter and "The Foster Parenting Manual" by Jon DeGarmo.

Through her training, Hadassah was stunned to learn how often children are moved from one family to another and how often their caseworkers, support services, and schools can change. This reinforced for her the need to be committed and provide a loving, consistent, and nurturing environment for the children placed with her. She acknowledged that creating rules and expectations will be important as well.

### **Assessment**

Hadassah is a loving, patient, committed, and experienced parent with a solid support system. She is willing and able to provide a secure and nurturing environment for any child placed in her care and is looking forward to opening her heart and home to a child in need of all she has to offer. Her family and friends plan to be welcoming with open and loving arms as well. Hadassah has been forthcoming and open regarding her own childhood, relationships, and life experiences to demonstrate her strengths in caring for children in foster care with their unique needs. She has proven to be an exceptional parent and strong advocate for her son with autism as well as the other children with special needs placed in her care every day at school.

**Approval**

Effective February 25, 2020, Hadassah Feinberg is approved to foster one child or a sibling group of two children of any race and either gender between the ages of four and seven. It will be important that any children placed with the Feinberg family do well with other children and animals.

Dear Judge McNally,

I have been seeing Hadassah Feinberg (DOB: 03-28-1985) for individual therapy since January 2020. I have diagnosed her with Generalized Anxiety Disorder, Posttraumatic Stress Disorder, and Attention-Deficit/Hyperactivity Disorder. Hadassah schedules weekly or twice weekly appointments with me. She attends her appointments regularly, works on her treatment goals, and focuses on following treatment recommendations.

I know Hadassah well and am intimately familiar with her behavior. Her children have consistently been her most important priority throughout the time I have been treating her. She has been assertive in advocating for their needs in numerous situations, including obtaining the bed for Ariel that was recommended by his treatment providers for his own safety. Her children's well-being is always Hadassah's paramount concern.

I have been in contact with Hadassah regularly during her recent conflict with Children and Youth Services and plan to continue to support her mental health needs in my role as her therapist. I am happy to answer any other questions you may have about Hadassah's mental health. I can be reached at (717) 238-6880. Thank you.

Sincerely,

hadas feinberg <h\_feinberg@yaho To: Renée Blanchard Fri, Oct 27 at 11:13 PM ☆

Hello,

Unfortunately we're going to have to leave Dauphin county for a bit until things calm down. I blew the whistle on Dauphin County CYS; they are a government agency. It's really sad we adopted and fostered through them. I tried to save four children that were missing for 6 days. They had bruises all over them. I took them to the hospital and cys tried to cover it up. But because I filed a complaint about cys to the state they are after us now. Shame on them. Government is corrupt, but I believe God will protect us and the truth will prevail I have a lot of evidence. They have embarrassed me so much. I definitely have a defamation suit. Please pray for our family.

Also, to make matters worse, after we tried exposing it on social media, they threatened to charge me with child endangerment. It's no use calling 911 because none of the cops in our township have helped despite the amount of calls we've made both to 911 and childline. Officer Young from Susquehanna township has threatened me like three times already and I have multiple witnesses. I really hope this story goes public. If anyone is going to make a report with intents of it getting anywhere, I advise you not to call 911 and to call the politicians, because Marissa Mclellan and her gang of criminals is clearing out the 911 calls and childline reports.

Yes please they are in so much danger and I've been working on this statement since yesterday and again today at 5 am. It's horrifying what happened. Their names are Erica Jean smith 12/17/2017, Ella Rae smith 6/18/2020, eric (trey) smith 6/18/2020, Erin Noel smith 6/18/2021. The worst marks are on the twins Ella and eric. Ella has horrible scars on her underside right wrist and she has what looks like cigarette burn marks on her lower back. I'm sure by now lots of the black and blue marks are faded. But those should still be there. She also had multiple bruises on the right side of her panty line. She had no bladder control and appeared to be in an utter state of shock.

Eric has a deformed head and when he cries the lip droops. I had penn state do a cat scan but Dr crow was not listening to me she was only paying attention to cys. You should have that rechecked somewhere else. Eric had numerous black and blue bruises all over his body. I'm sure most have faded but he still has a permanent scar to the back of his hair line/neck. Looks like a cut. He may still have the scratches on the back of his right shoulder. He also has a tiny pin hole above his butt crack. The children are very thin. I was feeding them non stop and pushing fluids because they were all dehydrated. If penn state was in on this I would urge you to try and get the discharge paper from upmc Harrisburg. That's where the discharge originally documented suspected child abuse on 10/13/2023. Perhaps you can pull video footage too. Ella Rae was leaning on a wall when they were trying to get her weigh. She was very lethargic. They saw Alyssa N Schatz, PA-C-NPI #1790150324. When we were there I connected Alyssa to the case worker at CYS and CYS refused to provide her information. I no longer have the paper from UPMC because it was confiscated by Penn State. I told them I need it back and they never gave it back to me.

Hello,

Does your office investigate complaints against cys? Who oversees it? I was thinking of reaching out to house representative Planka. I'm trying to get a complaint opened regarding their failure to identify these children and continued failure to respond with appropriate intervention.

Thank you,

Hadassah Feinberg

Hello Carrie,

It was a pleasure meeting you today. I am going to compile the documents we discussed (regarding the Smith children). I started working on it today, but there's many details and I want to be thorough. I believe that those children are still greatly in danger, and Dauphin County Cys is covering up what they did so they don't get in trouble.

Adams county CYS was recently found liable for placing a 15 month old back with the abusive mom and the young child was found dead. I am concerned that the same will happen with the smith children, if action isn't taken soon. I know you said that the complaint I submitted against Dauphin county CYS was submitted prior to them filing a complaint against me. Thank you for letting me know that. I am happy to assist in any way. Please don't hesitate to reach out.

P.s. I have attached a document I think will be helpful to your investigation regarding my sons bed.

Thank you,

Hadassah Feinberg

Penn State Hershey Smith Children Yahoo/Sent ☆

Hello Detective Bath,

On 10/18/2023 after we met in person, I followed up with a child line call as we had discussed. Trying to be thorough, I filed a long report. I can type a pdf at your request.

I can provide relevant documentation from text messages, Facebook messages, WhatsApp messages, and emails to show you what had been related to me regarding the smith children and my communications with other agencies. What is your preferred method of delivery?

On 10/19/2023, I contacted Penn State Hershey operator and requested to be transferred to the security department. I spoke with Officer Ford (female). I explained a very general summary of events and inquired about the length of preservation of video footage which we need for physical documentation regarding my allegations against cys and all penn state providers that were involved with the incident on 10/17/2023. I was informed that there is typically a 30 day window before footage is unavailable but it needs to be requested through the manager by law enforcement or court order. I am urging you to obtain this footage before it is lost, deleted, and can no longer be verified. Time is of the essence. I believe we were in room 54 of the penn state emergency room. I am easily recognizable. I came into the emergency room to have the smith children evaluated (oldest was in school). I was pulling a red wagon with the three smith children, Ella Rae, Eric (Trey), and Erin Noel. I had a large yellow giant bag with extra clothing, wipes, diapers, snacks, and drinks for the kids. All hallways leading in and leading out to that room with cameras from the emergency room entrance need to be preserved. Since Penn state can be liable in this matter, obtaining this TODAY is crucial.

CYS, as legal guardians, did not arrive at the hospital when they were informed multiple times that I needed to be back at my home by 4 to get my own children and Erica smith off the school bus. They had a 2 hour window to send someone out from cys. They did not show up. Per the circumstances and discussion with Rachel Kuhr the best and only option to protect the smith children, my children, and myself, was to request staff come in to relieve me and provide them with safe adult supervision, so I could get home for 4 children. Rachel Kuhr is a credible witness to statements made to me by penn state providers. Statements were: 1) leave with all three children, or 2) leave with no children. At no time was I a risk to these children since they were "allowing me to leave with all 3". But because I did not "conform" to the the choices they provided, I was not permitted to take any. Per my request, Rachel, selflessly remained on the phone with me for almost one hour until I was safely out of the hospital building and walking to my vehicle. I felt that my family's life was in danger and I needed a credible witness to protect my family. She is a social worker and director of foster and adoption services with Jewish Family Services in Harrisburg, Pa.

Please note, I have absolutely no obligation to the smith children. I am not their mother, not their father, and not a county agency who's duty it is to identify children at risk, endangered, neglected, and abused. All efforts made on their behalf by myself, have been selflessly and completely voluntary.

I notified cys for almost 2 hours that Eric smith (dob 8/18/2020) had been harming himself while in the penn state emergency room. Every time one of his siblings would take a toy from him, he would throw him himself back from a seated position on the floor and bang his head into the linoleum. I disputed taking Eric home without a safety plan in place, because I was 1) concerned for his safety 2) I could not assume liability knowing that he was hurting himself and that I wouldn't be able to keep him safe with 8 children on my own.

Hello,

I need to leave the er within 30 minutes to get my kids. We have not heard back from you or Alison. Shapree said she cannot make the decision. We need an answer about the head banging treatment plan. I cannot take him back without a safety plan in place.

My children went through a lot of turmoil for the smith children that were unexpectedly dropped into our family life and home from thin air because their mother lied after abandoning them for five days without clean clothes and basic necessities at 63 N 18th street, Harrisburg, Pa. We did not seek them out, this came to us.

When I walked into penn state emergency room looking for care for these poor helpless children, I was walking into a fiery bush. I knew, once I filed a complaint against cys, there was a strong chance for retaliation. I am in no means alleging a presumed "credible doctor" knowingly lied for cys. But I believe she was not provided with full facts of the smith children from cys. I believe she was not aware that mother had domestic violence charges for injuring their father in 2018. I believe she was not aware that cys was not at the scene where the children were found abandoned by mother. Without this information, she would not be able to properly assess the source of the old scars I was concerned for. But these details are facts, and all physical evidence is obtainable by law enforcement.

Please don't hesitate to reach out with any questions for clarification. I am available to assist in the ongoing investigation. You can email me or call me at 717-910-8999.

Hello,

I would like to address some concerns regarding CYS's response to the smith children over the last few days. Per regulation, under Title 23 statutes 6368 and 6364, I do not believe the Dauphin County Children and Youth Services agency met or continues to meet the best practice and standards in conformity with state and federal mandates. These mandates are implemented to ensure the safety of children at risk of neglect, and suspected child abuse. The Bureau of Child Welfare Services coordinates with the Bureau of Policy and Program Development to ensure that county and private provider operations are following these mandates. Dauphin County CYS failed to identify the Smith children who continued to remain homeless for an unreasonable period of time, showed symptoms of neglect, and suspicions of child abuse.

On 10/12/2023, Cys did not present for the welfare of the smith children when they were removed in very poor condition from 63 n 18th street Harrisburg Pa. and missing for 5 days. The following day, Cys failed to appear at the Harrisburg Emergency Room where the children were seen and documented for suspected child abuse, dehydration, and where injuries were visibly evident.

Cys first laid eyes on the smith children in the evening of 10/13/2023 after a report was submitted to Commissioner Hartwick's office more than 24 hours after the children were located (after missing for 5 days). During that time, the children failed to present to their pediatric appointment, and were tardy from school.

To complicate matters, on 10/16/2023 Dauphin County Children and Youth made a decision to withhold funds for the childrens basic needs and delayed an official placement letter by denying my request to work with an agency of my choice. The agency disputed is a licensed agency in the local area that works with both Fostercare and kinships and could readily provide all the appropriate needs for the facilitation of the matter in question. While it may not be what the agency prefers, supporting the children should be the top priority even if extra paperwork is necessary to initiate a new contract relevant agency.

It is pertinent that this matter is investigated with urgency as the children's needs are greatly impacted by CYS's poor response and failure to protect and provide. At this time, Dauphin County Children and youth has not only failed the smith children once, but is continuing to withhold their needs by delaying a timely contract between agency and foster/kinship provider services that this caretaker has a relationship with.

Kindly,

Hadassah Feinberg

Hello,

This is a new complaint. On 10/12/2023. I took 3 children in to be seen at Penn state Hershey for child abuse. One of the children had ligature marks on her right wrist and all three kids had numerous bruises all over their bodies. During the visit the one child was banging his head into the hard floor in room 54 of their emergency department. Dr. Kathryn Crowell failed to assist him. I filed a complaint with the Bureau of Enforcement and Investigation. Mindy Kell a licensed investigator was assigned to the case. She attempted to investigate the doctor for a few months but was intimidated by the Penn State attorney and administration in her department. She ultimately resigned from the case and documented that she would have another licensed investigator take on the case.

After she resigned from the case I followed up with their department and was told that she's no longer with their office and they refused to reassign the case. They claimed to have closed it, but did not send me a letter. This is a major cover up and they are all being sued in state and federal court. The FBI is aware of these crimes and so is the General Accountability Office. I have over 1000 pages of physical evidence which will be presented during trial.

Thank you,

Hello,

An investigation against a licensee was opened. I have documentation that the investigator resigned from the case after being intimidated by her supervisor and counsel for the licensee. A federal lawsuit was filed and will include the investigator as a defendant if compliance is not met for the department.

Hello,

I am writing to follow up on the numerous complaints I'm receiving from individuals across the Commonwealth of Pennsylvania. Multiple related lawsuits have been filed in the Pennsylvania Middle District Court, Commonwealth Court, and Common Pleas Court, some of which are consolidated to docket 1:23cv02165 Hadassah Feinberg v. Marcie Smith.

The lawsuits are alleging substantial Rico crimes committed by at least 54 participants most of whom are local, state, and federal officials. I am requesting intervention at your earliest convenience. Please keep this email confidential.

Thank you,

Hadassah Feinberg

After the f b i childline report they cancelled all my visits I have not seen my son since he fell down the stairs with kinship on march 26. I have medical decision making but they placed a pfa against me so now I can't go to doctors appointments. Everytime someone happens to mh son and I make a report I'm retaliated against.

The OSIG has referred your complaint to the Dauphin County District Attorney's Office. If you are witnessing criminal activity, you should report it to the law enforcement agency in the jurisdiction where the crime is occurring.

Sometime you will have to take a look at my case. I am former law enforcement officer that was charged and the state police lied, with proof, and did a horrible investigation. I appealed it stating my attorney never appealed in time. They ruled in favor of my old attorney after I presented 11 emails that we spoke about an appeal.

It runs a lot deeper and than can imagine! Now my life is literally screwed and I lost everything. Such a shame

Even had the judge question me on the stand which is illegal. My attorney said an appeal would be political suicide!!! And he never filed it

5:26 PM

Can you email it to me? It sounds interesting. I'm sorry you went through that. They are horrible
